About the European Reference Networks for Rare and Low Prevalence Complex Diseases

European Reference Networks are virtual networks involving healthcare providers across Europe. They aim to tackle complex or rare diseases and conditions that require highly specialised treatment and a concentration of knowledge and resources. There are 24 ERNS involving 25 European countries including Norway, over 300 hospitals with over 900 healthcare units and covering all major disease groups.

Further information about the European Reference Networks:
http://ec.europa.eu/health/ern/policy_en

About the Collaborative Platform – Restricted Access

This collaborative platform is **restricted to ERN users only**.
It supports the ERN Board of Member States, the ERN Coordinators and ERNs members in their on-line communication, document management and event organization.

THIS PLATFORM IS NOT FOR THE EXCHANGE OF PATIENT DATA (PERSONAL OR CLINICAL).

Be aware that as a pre-requisite to access/request access to your network you will need a [EU login](#) .
Please click on the button here below to access restricted members area.

About the Collaborative Platform – Restricted Access

This collaborative platform is **restricted to ERN users only**.

It supports the ERN Board of Member States, the ERN Coordinators and ERNs members in their on-line communication, document management and event organization.

THIS PLATFORM IS NOT FOR THE EXCHANGE OF PATIENT DATA (PERSONAL OR CLINICAL)

Be aware that as a pre-requisite to access/request access to your network you will need a **EU login**.

Please click on the button here below to access restricted members area.

Access/request access to My network

- EU login is needed for CPMS, EU research grants etc.
- If you don't have an EU login, you will be guided through the process

The screenshot displays the EU Login interface. On the left, under the heading 'EU LOGIN', there is a 'CREATE EU LOGIN' button and a brief description: 'EU Login is the European Commission's user authentication service. It allows authorised users to access a wide range of Commission web services, using a single email address and password.' On the right, a 'CREATE EU LOGIN' section provides a 1/1 step guide. Step 1 instructs users to click on 'Access/request access to My network' on the main page. Step 2 explains that users will be taken to the login page for EU Login, where they can enter their email if they already have an account, or click on 'Create Account'. Below the steps, there is a 'Sign in to continue' form with a 'Use your e-mail address' field, a 'Next' button, and a 'Create an account' button highlighted with a red box. There is also an 'Or' section for logging in with a mobile number.

Please register – and use CP
