Getting started the EU Login App

## Requirements:
- Computer (notebook, tablet) connected to WiFi
- Mobile phone

1. To set up the EU Login App, you must access your EU-Login page on a device other than your phone (computer/tablet): https://webgate.ec.europa.eu/cas/login
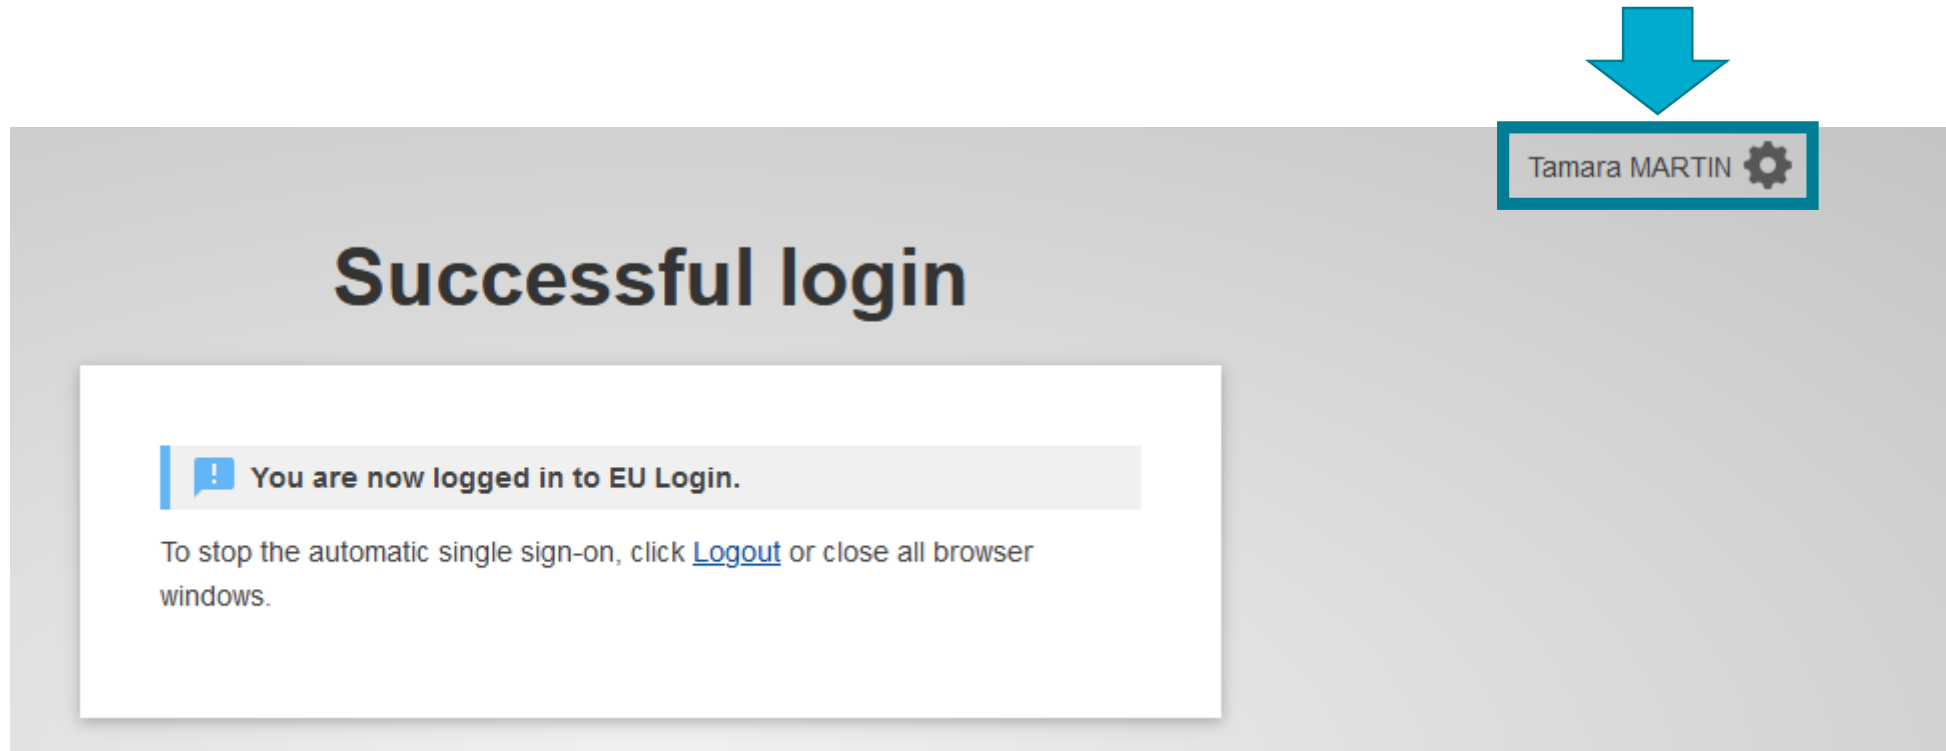

What is the EU-Login?

One Login – many EU services.
Not only CPMS, but also the ERN Collaborative Platform uses this login.

Already got an EU-Login?
Stay with us to set up your 2-factor authentification

STEP 1 – CREATE YOUR EU-ACCOUNT

4. Go to „My Account" to set up 2-factor authentification

STEP 1 – LOG INTO YOUR EU-ACCOUNT

„Manage my mobile device" to set up verification via EU-Login Mobile App.
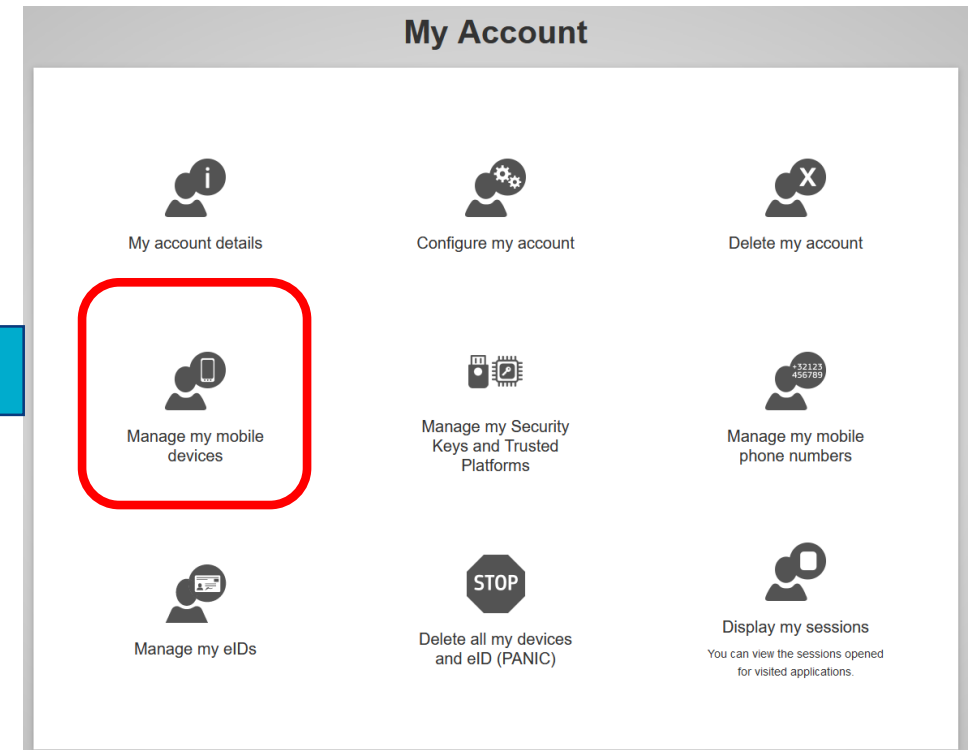

→ Login via **PIN code** (most convenient)

→ Login via **QR Code** (works offline)

Only with EU-Login app reliable login in real-time guaranteed!

You will be asked to set a 4-digit PIN code now. This PIN will be asked in the app every time you want to login to CPMS (to confirm your login attempt).

My Account

My account details	Configure my account	Delete my account
Manage my mobile devices	Manage my Security Keys and Trusted Platforms	Manage my mobile phone numbers
Manage my eIDs	Delete all my devices and eID (PANIC)	Display my sessions - You can view the sessions opened for visited applications.

STEP 2 – DOWNLOAD EU LOGIN APP

- Make sure your Notebook/Desktop PC is logged in EU Login profile

- Phone → Download „EU Login" App from App Store (Android play or apple store) – it is free, of course!

Step 3 – Initialize App

- To connect app to EU account: select initialize in app on your phone:

Your computer screen will now show a QR-Code, and the EU-Login app will ask you to scan this code with its own QR-Scanner which opens automatically

You will now need to give the 4-digit PIN you chose in your profile to confirm this action.
Your computer screen should notify you that the initialisation has worked – if not, restart both the app and the browser tab and re-select initialisation in the app.
