

CPMS (2.0) allows the ERNs to share patient cases for...

...ending the diagnostic Odyssey
...delivering state-of-the-art therapeutic treatment
...sharing experience & knowledge

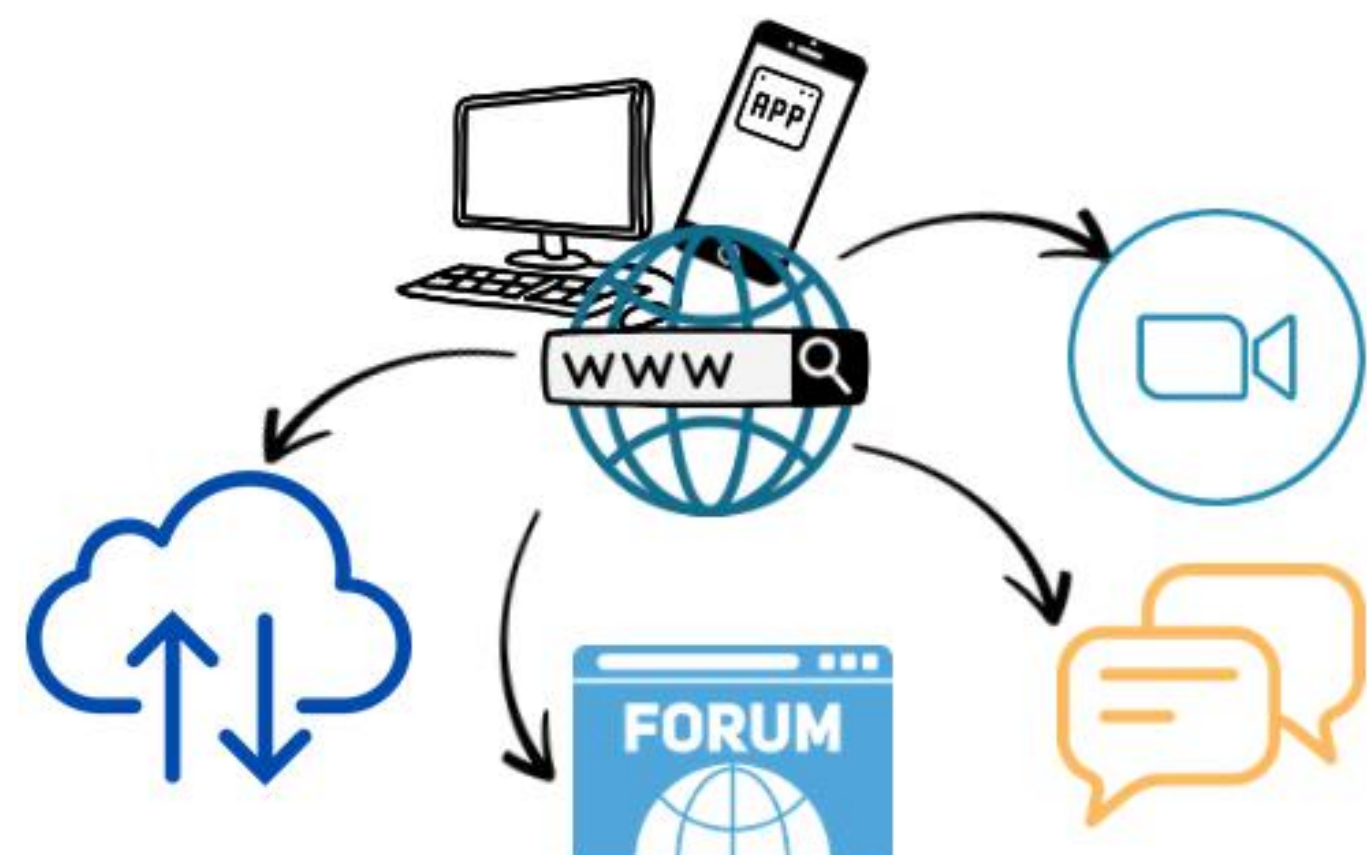

...of course, CPMS 2.0 is fully compliant with the European Data protection regulation

CPMS 2.0 – more functions, more intuitive user interface

Secure cloud for sharing patient files & case details, **forum**, **1-1 chat** and **videotool** - all in one easy-to-use application reached via <https://cpms2.ern-net.eu>.

Eventually, all ERN-RND Case Discussions will take place using the **CPMS 2.0 Videotool** – do not miss our **Videotool Testing Sessions** to eliminate firewall issues for your hospital!

NEW – CPMS 2.0 is now also available as mobile app

In addition to the browser application, all functionalities are also available in the **CPMS 2.0 Mobile App** (not to be confused with the EU Login App) – you can download **CPMS 2.0** from your app store and **login** with your **usual CPMS credentials**!

CPMS 2.0 Account creation

Never used CPMS before? Scan QR-Code below to create your account today!

Requirements:

Mobile phone + notebook/PC both connected to WiFi.

NEW – EU Login App required for access!

CPMS 2.0 uses **EU Login**, which is also used for other EU services (e.g. ERN Collaborative Platform, EU grant application platforms). EU login **no longer supports SMS** for 2-factor authentication, you **must** use the **EU Login App** to access **any EU Login based service**.

Connect the **EU Login app** to your **EU Login Profile** by scanning the QR-Code and following the instructions.

Requirements:

Mobile phone + notebook/PC, both connected to WiFi).

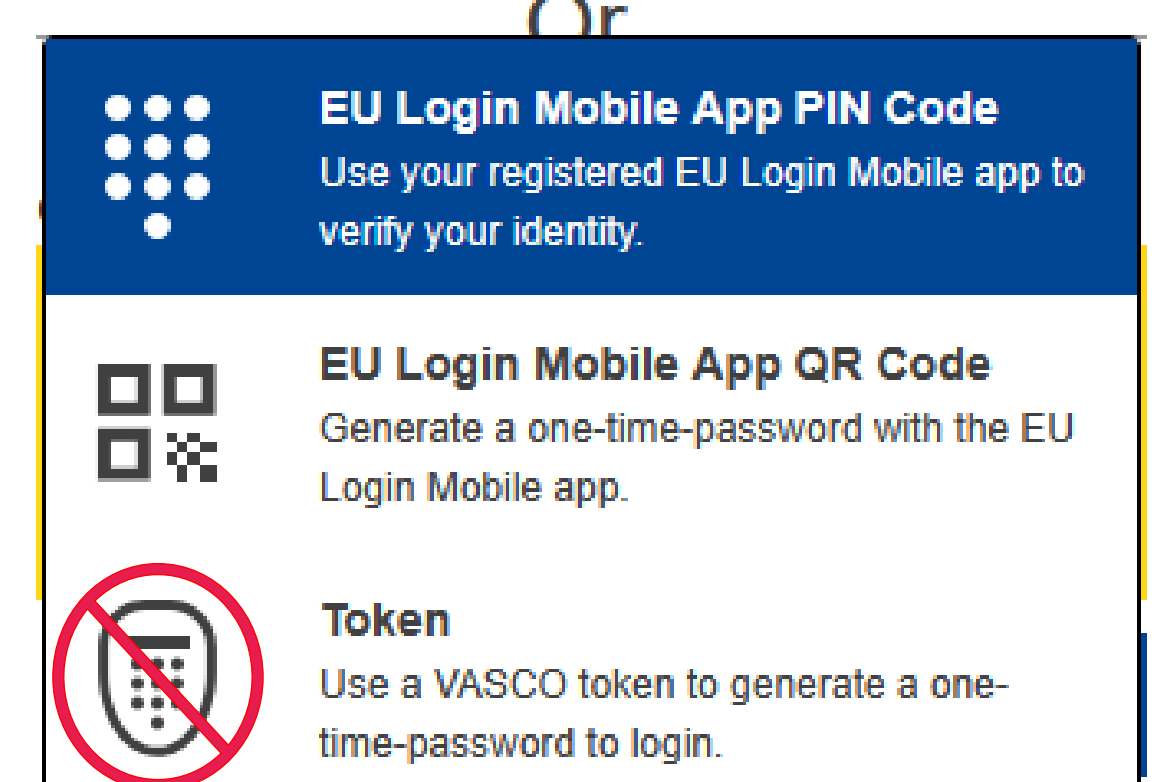

EU Login App: Two methods for successful login in CPMS

PIN CODE: Push-message requests your personal 4-digit PIN via the EU Login App, or biometric confirmation (if set up)! Easiest & fastest way to login! Requires internet connection on phone.

QR CODE: Using this option, QR Code will be displayed on PC screen. Scann with EU Login App to create one-time token. Works without phone & internet reception – failsafe!

cpms2.ern-net.eu requires you to authenticate
